

THE SECOND BALKAN MEETING  
ON CARDIOMAGNETIC RESONANCE 2020

**BELGRADE CMR FORUM 2020**

**PRELIMINARY PROGRAMME**

# Thursday, May 14<sup>th</sup>, 2020

INFO

THURSDAY

FRIDAY

NOTES

Time	Presentation	Mod of presentation	Presenter
10.00-11.00	Registration		
<b>Session I: ECHOCARDIOGRAPHY AS A GOLD STANDARD IN THE MYOCARDIAL IMAGING</b> <b>Joint Session of the Serbian Society for Echocardiography and Serbian Society for Magnetic resonance</b>			
11.00-11.20	<b>Echocardiography as a powerful diagnostic mode in cardiology – we can evaluate patients without CMR</b> (Serbian Session)	Presentation	Assist. Prof. Ivan Stankovic, President of the Serbian Society for Echocardiography (SRB)
11.20-11.40	<b>„Tips and tricks“ in expert echocardiography</b> (Serbian Session)	Presentation	Assoc. Prof. Danijela Trifunovic, Present Elected of the Serbian Society for Echocardiography (SRB)
11.40-11.50	<b>Discussion</b>	Q&A	Panel
<b>Session II: ANATOMICAL CORELLATIONS AND CONTRAST – BASIC IN CMR</b>			
12.00-12.20	<b>Anatomical correlations in the mirror of CMR – ar why anatomy is so important in CMR – normal sequencing</b>	Presentation	Professor Danijela Djonic (SRB)
12.20-12.40	<b>Pharmacokinetics and pharmacodynamics of the gadolinium, adenosin, dobutamin and regadenoson – clinical considerations</b>	Presentation	Professor Zoran Todorovic (SRB)
12.40-12.50	<b>Discussion</b>	Q&A	Panel
<b>Session III: STRUCTURAL HEART DISEASES</b>			
12.50-13.10	<b>GUCH-when and where we need CMR</b>	Presentation	Prof Aleksandra Nikolic (SRB)
13.10-13.30	<b>GUCH in the mirror of the CMR</b>	Presentation	Prof Ida Jovanovic (SRB)
13.30-13.50	<b>Correlation of TTE, TEE and CMR in patients with TOF</b>	Presentation	Ass. Prof Sergej Prijic (SRB)
13.50-14.00	<b>Discussion</b>	Q&A	Panel members

Time	Presentation	Mod of presentation	Presenter
<b>SESSION IV: CMR AND AORTIC VALVE</b>			
14.00-14.20	<b>Correlation of echocardiography and CMR in Bivelar Aortic Valve Quantification</b>	Presentation	Prof Vladimir Vukomanovic (SRB)
14.20-14.40	<b>CMR in Valve Flow Estimation – advances and limitations</b>	Presentation	Dr Maja Pirnat (SLO)
14.40-15.00	<b>CMR and TAVI</b>	Presentation	Prof. A Rolf (GER) *not confirmed
15.00-15.10	<b>Discussion</b>	Q&A	Panel members
<b>SESSION IV: CARDIO-ONCOLOGY AND CMR</b>			
15.15-15.30	<b>Cardiotoxicity and the Oncology Patient – the View of the Oncologist</b>	Presentation	Dr Zoran Andric (SRB)
15.30-15.45	<b>Cardiotoxicity and the Oncology Patient – the View of the Cardiologist</b>	Presentation	Assoc. Prof. Marija Zdravkovic (SRB)
15.45-16.00	<b>CMR in Risk Stratification and Further Treatment of Cardiotoxicity in Oncology Patient</b>	Presentation	TBD
16.00-16.15	<b>Discussion</b>	Q&A	Panel members
<b>SESSION V: CMR team – Cardiologist +Radiologist – Why should we always work as team ?</b>			
16.15-17.05	<b>It doesn't go without radiologist! – case reports</b>	Presentation	Dr Maja Popovic
17.05-17.25	<b>It doesn't go without cardiologist! – case reports</b>	Presentation	
17.25-17.35	<b>Discussion</b>	Presentation	Panel members

# Thursday, May 14<sup>th</sup>, 2020

THURSDAY

FRIDAY

NOTES

Time	Presentation	Mod of presentation	Presenter
<b>SESSION VI: State-of-the Art: Clinical Correlations of the CMR</b>			
17.35-17.50	<b>Ischemia and Viability Stress CMR testing</b>	Presentation	Professor Robert Manka (CH)
17.50-18.10	<b>CMR in practice and science – importance of education and quality checking</b>	Presentation	Prof. C. Bucciarelli-Ducci (GB) or her representative *still not confirmed
18.00-18.25	<b>Anatomy, fuction and tissue characterization in CMR analisys – why can we no more without it ?</b>	Presentation	Assoc. Professor Marija Zdravkovic (SRB)
18.25-18.35	<b>Discussion</b>	Q&A	Panel
<b>OPENING SESSION – state-of-the art lecture</b>			
<b>SESSION VII: Joint Session of the Serbian Society for Atherosclerosis and Serbian Society for Cardio Magnetic Resonance</b>			
18.40-19.15	<b>Pathomorphological corelations and Cardiomagnetic Resonance</b>	State-of-the-Art Lecture	Prof Vladimir Kanjuh, Member of the Serbian Academy for Science and Arts (SRB) Assoc. Prof Marija Zdravkovic (SRB)
19.15-19.30	<b>PAUSE</b>		
19.30-20.30	<b>OPENING CEREMONY</b>		Assoc. Prof Marija Zdravkovic

Time	Presentation	Mod of presentation	Presenter
<b>SESSION VIII: MYOCARDIAL HYPERTROPHY</b>			
08.30-08.50	<b>Is there a place for CMR in Hypertensive heart disease risk stratification</b>	Presentation	Dr Dragan Lovic (SRB)
08.50-09.10	<b>CMR in HCM – the golden standard and must-have diagnostic tools in HCM ?</b>	Presentation	Dr Sarah Moharem (GB)
09.10-09.30	<b>Amyloidosis – state of the art lecture and case report</b>	Presentation	Assoc. Prof Olivera Markovic (SRB)
09.30-09.45	<b>Discussion</b>	Q&A	Panel
<b>SESSION IX: ATHLETE HEART – pro and contra discussion</b>			
09.50-10.10	<b>Athlete heart – echokardiography is a gold standard? Pro</b>	Presentation	Prof dr Richard Isnard (FR)
10.10-10.30	<b>Athlete heart – CMR is a gold standard ? Pro</b>	Presentation	Assoc. Professor Marija Zdravkovic (SRB)
10.30-10.50	<b>CMR as an important part of the athlete puzzle</b>	Presentation	Assist. Prof Goran Vukomanovic (SRB)
10.50-11.00	<b>Discussion</b>		Panel
11.00-11.15	<i>Coffee Pause</i>		
<b>SESSION X: CORONARY ARTERY DISEASE</b>			
11.15-11.35	<b>CMR in CAD: when and where do we need it?</b>	Presentation	Assoc. Professor Radoslav Vidakovic (SRB)
11.35-11.55	<b>CMR in acute coronary artery disease – the quatification of the acute myocardial size, area at risk and prognosis</b>	Presentation	Assist. Prof Dejan Milasinovic (SRB)
11.55-12.15	<b>Viability testing in CAD – the imidging method matters</b>	Presentation	Prof Aleksandar Neskovic (SRB)
12.15-12.35	<b>Mobile CMR in underserved areas – the future is here !</b>	Presentation	Prof. Sebastian Kelle (GE)
12.35-12.50	<b>Discussion</b>	Q&A	Panel

# Friday, May 15<sup>th</sup>, 2020

THURSDAY

FRIDAY

NOTES

Time	Presentation	Mod of presentation	Presenter
<b>SESSION XI: CTO state-of the art</b>			
12.50-13.10	<b>CTO – Why do we need CMR</b>	Presentation	Prof Sinisa Stojkovic (SRB)
13.10-13.30	<b>CMR and CTO – diagnostic and prognostic implications</b>	Presentation	TBD
13.30-13.45	<b>Discussion</b>	Q&A	Panel
<b>SESSION XII:</b>			
13.50-14.10	<b>Stenosis quantification – FFR is the best choice!</b>	Presentation	Prof Maurovits? *not confirmed
14.10-14.30	<b>Stenosis quantification – STRESS CMR testing is the best choice!</b>	Presentation	Prof. Bettencourt? *not confirmed
14.30-14.45	<b>Discussion</b>		
14.45-15.30	<i>Lunch break</i>		
<b>SESSION XII: HEART FAILURE, CARDIOMYOPATHIES, ARRHYTHMIAS AND DEVICES</b> <i>Panelists: M. Asanin, M. Deljaninin-Ilic, P. Djuran, J. Taleski, D. Kojic</i>			
15.30-15.50	<b>HFpEF: new approaches in diagnosis and treatment</b>	Presentation	Prof F. Edelmann (GER)
15.50-16.10	<b>ARVD – CMR aspect in diagnosis and prognosis</b>	Presentation	Assoc. Prof. A. Saguner (CH)
16.10-16.30	<b>Arrhythmias –when and where do we need CMR</b>	Presentation	Dr Dejan Vukajlovic (GER)
16.30-16.50	<b>MR imaging and Cardiac Pacemakers, ICDs and CRTs-what are the new guidelines and new trends?</b>	Presentation	Prof. Goran Milasinovic (SRB)
16.50-17.00	<b>Discussion</b>		Panel

Friday, May 15<sup>th</sup>, 2020

Time	Presentation	Mod of presentation	Presenter
<b>SESSION XIII: INFLAMMATORY AND STORAGE DISEASES OD THE MYOCARDIUM</b>			
17.00-17.20	<b>Myocarditis and pericarditis –when and where do we need CMR</b>	Presentation	Professor Arsen Ristic (SRB)
17.20-17.40	<b>CMR in Inflammatory Diseases of Myocardium and Pericardium</b>	Presentation	Dr Tomaz Podlesnikar (SLO)
17.40-18.00	<b>CMR in Sarcoidosis and Iron infiltration</b>	Presentation	Dr Sarah Moharem (GB)
18.00-18.20	<b>Presentation T1, T2 and ECV – what can they tell us ?</b>	Presentation	TBD
18.20-18.30	<b>Discussion</b>		Panel
18.30-18.45	<b>Closing remarks</b>
