

kes2026

Belgrade, March 19-22, 2026

**11th SERBIAN CONGRESS
OF ENDOCRINOLOGY**

SCIENTIFIC PROGRAM

Thursday, March 19, 2026

14.00-21.00

HALL 1

14.00-18.00 REGISTRATION

17.00-17.30 SPONSORED SYMPOSIA NOVARTIS

17.30-17.45 SPONSORED SYMPOSIA INPHARM

18.00-18.30 CONGRESS OPENING

18.30-18.50 PLENARY LECTURE I

Chairpersons: Marina Nikolić Đurović, Miloš Žarković

Clinical value of [18F]-fluoro-ethyl-L-tyrosine PET/MRI in patients with functioning pituitary adenomas

Alberto M. Pereira (The Netherlands)

18.50-19.10 PLENARY LECTURE II

Chairpersons: Vera Popović Brkić, Sandra Pekić Đurđević

Congenital hypogonadotropic hypogonadism

Nelly Pitteloud (Switzerland)

19.10-19.30 PLENARY LECTURE III

Chairpersons: Marina Nikolić Đurović, Mirjana Šumarac Dumanović

Protein kinase A signaling in the regulation of obesity

Constantin Stratakis (Greece)

19.30-21.00 WELCOME COCKTAIL

08.00-09.10	SYMPOSIUM I INNOVATIONS IN DIABETOLOGY 1 <i>Chairpersons: Nebojša M. Lalić, Aleksandar Đukić</i>
08.00-08.15	Traps and challenges in type 2 diabetes diagnosing <i>Aleksandar Djukić</i>
08.15-08.30	Stages in type 1 diabetes development <i>Tanja Miličić</i>
08.30-08.45	Treatment of type 1 diabetes: the role of Automated Insulin Delivery (AID) systems <i>Aleksandra Jotić</i>
08.45-09.00	Treatment of type 2 diabetes: recommendations in 2026 <i>Nebojša M. Lalić</i>
09.00-09.10	Discussion
09.10-10.20	SYMPOSIUM II INNOVATIONS IN DIABETOLOGY 2 <i>Chairpersons: Aleksandra Jotić, Milena Mitrović</i>
09.10-09.25	MASLD in diabetes: mechanisms of development and treatment challenges <i>Milica Pešić</i>
09.25-09.40	Renal diseases in diabetes: mechanisms of development and treatment challenges <i>Milena Mitrović</i>
09.40-09.55	Cardiorenal syndrome and diabetes <i>Snježana Popović Pejičić</i>
09.55-10.10	Treatment of hypertension in diabetes: new recommendations <i>Ljiljana Lukić</i>
10.10-10.20	Discussion
10.20-10.30	Coffee break

10.30-11.10 SPONSORED SYMPOSIA NOVONORDISK

11.10-11.40 SPONSORED SYMPOSIA HEMOFARM

11.40-12.00 **PLENARY LECTURE X**

Chairpersons: Đuro Macut, Alberto Pereira

Radioligand treatment of neuroendocrine neoplasia in the era of theragnostic

Diego Ferone (Italy) Svetlana Vujović

12.00-12.20 **PLENARY LECTURE V**

Chairpersons: Marina Nikolić Đurović, Miomira Ivović

Primary amenorrhea and early ovarian insufficiency – impact of hypoestrogenism on quality of life

Svetlana Vujović

12.20-13.30 **SYMPOSIUM III
GENDER ENDOCRINOLOGY**

Gonadal - adrenal axis

Chairpersons: Svetlana Vujović, Miomira Ivović

12.20-12.35 **Primary hyperaldosteronism – who to test and when?**

Miomira Ivović

12.35-12.50 **Non-classic form of congenital adrenal hyperplasia with 21 hydroxylase deficiency: challenges and prospects for fertility and pregnancy**

Milina Tančić-Gajić

12.50-13.05 **Renin- angiotensin- aldosterone system in menopause – treatment od hypertension?**

Miloš Stojanović

13.05-13.20 **Modalities of gonadal system rejuvenation, i.e. human biology in general in the light of 21st century science**

Aleksandar Djogo

13.20-13.30 **Discussion**

Friday, March 20, 2026

13.30-17.00

HALL 1

13.30-14.30 SPONSORED SYMPOSIA ASTRA ZENECA

14.30-15.10 SPONSORED SYMPOSIA NOVONORDISK

15.10-15.50 *Lunch*

15.50-16.20 SPONSORED SYMPOSIA ELI LILLY

16.20-16.40 PLENARY LECTURE VI

Chairpersons: Marina Nikolić Đurović, Alberto M. Pereira (The Netherlands)

What is really remission in Cushing's syndrome?

Richard Feelders (The Netherlands)

16.40-17.00 PLENARY LECTURE VII

Chairpersons: Đuro Macut, Sandra Pekić Đurđević

Update on the management of adrenocortical carcinoma

Kristi Alexandraki (Greece)

**17.00-18.10 SYMPOSIUM V
NEUROENDOCRINE TUMORS**
Chairpersons: Kristi Alexandraki (Greece), Đuro Macut

**17.00-17.15 When common symptoms mask rare diagnosis:
diarrhea in VIPoma**
Sanja Ognjanović

**17.15-17.30 When Cushing is not a pituitary one:
ACTH secreting pancreatic NET**
Bojana Popović

**17.30-17.45 When an ulcer is not an ordinary one:
pancreatic gastrinoma**
Valentina Elezović Kovačević

**17.45-18.00 When hypoglycemia hides a tumor:
insulinoma**
Dušan Ilić

18.00-18.10 Discussion

18.10-18.20 Break

18.20-18.40 PLENARY LECTURE VIII
Chairpersons: Mirjana Šumarac Dumanović, Edita Stokić

**Changing the Perspective of Obesity Treatment in the Era of New
Therapeutic Options**
Volkan Yumuk (Turkey)

18.40-20.15	SYMPOSIUM VI OBESITY <i>Chairpersons: Mirjana Šumarac Dumanović, Snežana Polovina</i>
18.40-18.55	Re-thinking Diabetes Care: Prioritizing Obesity Treatment and Redefining Diabetes Remission <i>Papamargaritis Dimitrios (Greece)</i>
18.55-19.10	Mistakes of the past and contemporary approach to diagnostics of obesity <i>Mirjana Šumarac Dumanović</i>
19.10-19.25	Mistakes of the past and contemporary approach to treatment of obesity <i>Snežana Polovina</i>
19.25-19.40	Conception and pregnancy challenges in cases of obesity: What do research studies show? <i>Edita Stokić</i>
19.40-19.55	Loss of body weight and CV outcomes? Reevaluation of cardiovascular risk in obesity <i>Ivana Nedeljković</i>
19.55-20.10	Loss of body weight or renal outcomes? Reevaluation of renal risk in obesity <i>Sanja Simić Ogrizović</i>
20.10-20.15	Discussion

09.00-10.30 ORAL – ENDOCRINOLOGY I
Chairpersons: Marko Stojanović, Mirjana Stojković

12.20-13.30 SYMPOSIUM IV
LIPID DISORDERS IN ATHEROSCLEROSIS: FROM GENE TO TREATMENT
Chairpersons: Katarina Lalić, Ljiljana Popović

12.20-12.35 **Importance of new generation sequencing (NGS) in the diagnostics of endocrine diseases in adults**
Sonja Pavlović

12.35-12.50 **Atherogenic lipoproteins: challenges in treatment of laboratory results**
Sanja Stanković

12.50-13.05 **PCSK9: regulation of lipids and possible pleiotropic actions**
Ljiljana Popović

13.05-13.20 **Treatment of lipid disorders: new approaches**
Katarina Lalić

13.20-13.30 **Discussion**

15.10-15.50 POSTER SESSION 1
Chairpersons: Miloš Stojanović, Milina Tančić

17.00-18.30 ORAL – DIABETES
Chairpersons: Tanja Miličić, Ljiljana Lukić

11.00-12.20 NURSING SYMPOSIUM I – ENDOCRINOLOGY
Chairpersons: Mirjana Lazić, Slađana Mihajlović

12.20-12.30 *Coffee break*

12.30-14.00 NURSING SYMPOSIUM I – ENDOCRINOLOGY
Chairpersons: Mirjana Lazić, Slađana Mihajlović

08.00-08.20 PLENARY LECTURE IX*Chairpersons: Sandra Pekić Đurđević, Milica Medić Stojanoska***Clinical pearls from post COVID endocrine case reports***Vera Popović Brkić***08.20-09.30 SYMPOSIUM VII
NEUROENDOCRINOLOGY***Chairpersons: Mirjana Doknić, Sandra Pekić Đurđević***08.20-08.35 Genetics of hypopituitarism in our population
– genotype/phenotype correlation***Mirjana Doknić***08.35-08.50 VHL syndrome – diagnostic and clinical challenges of
multisystem and sellar changes***Milica Medić Stojanoska***08.50-09.05 Endoscopic transsphenoidal approach to sellar tumors in children***Mihajlo Milićević***09.05-09.20 How to achieve fertility in patients with prolactinoma and acromegalia
– challenges, risks and clinical dilemmas***Sandra Pekić Đurđević***09.20-09.30 Discussion****09.30-09.45 Coffee break****09.45-10.05 PLENARY LECTURE XIII***Chairpersons: Marina Nikolić Đurović, Miloš Žarković***Thyroid disease in pregnancy: new insights in clinical practice.***Robin Peeters (The Netherlands)***10.05-10.25 PLENARY LECTURE XI***Chairpersons: Dragana Miljić, Miomira Ivović***Medical therapy for hypercortisolism:
Choosing the right drug for the right patient***Elisabeth Nowak (Germany)*

10.25-11.05 SPONSORED SYMPOSIA NOVONORDISK

11.05-11.35 SPONSORED SYMPOSIA ASTRA ZENECA

11.35-11.50 SPONSORED SYMPOSIA HEMOFARM

11.50-12.00 *Coffee break*

12.00-12.20 **PLENARY LECTURE XII**

Chairpersons: Đuro Macut, Marina Nikolić Đurović

Diagnostic delay and therapeutic inertia: two main issues in the management of acromegaly

Andrea Giustina (Italy)

12.20-12.40 **PLENARY LECTURE XIII**

Chairpersons: Danijela Vojnović Milutinović, Punith Kempegowda (UK)

Perspectives for the polycystic ovary syndrome

Đuro Macut

12.40-13.50 **SYMPOSIUM VIII
REPRODUCTIVE ENDOCRINOLOGY**

Chairpersons: Đuro Macut, Danijela Vojnović Milutinović

12.40-12.55 **When does PCOS start? Developmental aspects of the most common endocrinopathy of reproductive age**

Bojana Mičić

12.55-13.10 **Obesity and polycystic ovary syndrome**

Jelica Bjekić-Macut

13.10-13.25 **Treating the person, not the diagnosis: importance of assessing emotional wellbeing in PCOS care**

Punith Kempegowda(UK)

13.25-13.40 **Pharmacotherapy in prevention of gestational diabetes: metformin or myo inositol?**

Radmila Sparić

13.40-13.50 **Discussion**

13.50-14.35 SPONSORED SYMPOSIA ELI LILLY

14.35-15.05 SPONSORED SYMPOSIA AMICUS

15.05-15.35 SPONSORED SYMPOSIA MERCK

15.35-16.15 *Lunch break*

16.15-16.45 SPONSORED SYMPOSIA PHARMASWISS

16.45-17.30 SPONSORED SYMPOSIA BOEHRINGER INGELHEIM

17.30-17.45 SPONSORED SYMPOSIA ABELA PHARM

17.50-18.10 **PLENARY LECTURE XIV**

Chairpersons: Mirjana Stojković, Sanja Medenica

Thyroid Emergencies: The sleeping Giant

Pinaki Dutta (India)

18.10-19.35 **SYMPOSIUM IX
THYROID GLAND**

Chairpersons: Miloš Žarković, Jasmina Ćirić

18.10-18.25 **Modern approach to autoimmune thyroid diseases**

Miloš Žarković

18.25-18.40 **Optimum treatment of hypothyreosis – ETA 2025 Recommendations**

Biljana Nedeljković Beleslin

18.40-18.55 **Thyroid dermatopathies**

Jasmina Ćirić

18.55-19.10 **Role of thyroid dysfunction in outcomes of oncological treatment**

Sanja Medenica

19.10-19.25 **Thyrotoxicosis caused by medical supplements
– iatrogenic and pseudothyrotoxicosis**

Mirjana Stojković

19.25-19.35 **Discussion**

08.00-08.20 MEET THE EXPERT I

Impact of GLP1R agonists on reproductive health in women

Snežana Vujošević

08.20-08.40 MEET THE EXPERT III

**Evolution of incretins in treatment of obesity:
current position and expectations in the future?**

Ivona Risović

08.40-09.00 MEET THE EXPERT V

Early diagnostics and treatment of cardiac failure in diabetes

Radivoj Kocić

09.00-09.20 MEET THE EXPERT VII

Is type 2 diabetes remission possible?

Djordje Popović

09.20-09.40 MEET THE EXPERT IX

Diet in prevention of diabetes and its comorbidities

Vesna Dimitrijević Srećković

15.35-16.15 POSTER SESSION II*Chairpersons: Ljiljana Popović, Marija Maćešić***18.10-19.35 SYMPOSIUM X
OSTEOPOROSIS***Chairpersons: Marina Nikolić Đurović, Goran Tulić***18.10-18.25 Adrenal gland and bone***Marina Nikolić Đurović***18.25-18.40 What is new in prevention of osteoporotic fractures?***Goran Tulić***18.40-18.55 Giant cells in metabolic bone diseases
– from the viewpoint of a pathologist***Jelena Sopta***18.55-19.10 Strategy of evaluation, monitoring and treatment of „mild“ primary
hyperparathyroidism; When is intervention due?***Dragana Miljić***19.10-19.25 Hypoparathyroidism – challenges in monitoring and
treatment innovations***Marko Stojanović***19.25-19.35 Discussion**

08.00-08.20 MEET THE EXPERT II

Etiopathogenesis of endocrine pancreas dysfunction in type 2 diabetes development

Petar Ristić

08.20-08.40 MEET THE EXPERT IV

Place and role of GLP-1 RA in type 1 diabetes

Saša Radenković

08.40-09.00 MEET THE EXPERT VI

Brain and cardiorenometabolic syndrome in diabetes: treatment challenges

Marija Maćešić

09.00-09.20 MEET THE EXPERT VIII

Hyperosmolarity state – contemporary insights and clinical challenges

Milica Marjanović Petković

13.00-14.00 ORAL – ENDOCRINOLOGY II

Chairpersons: Zoran Gluvić, Miljanka Vuksanović

08.30-08.50 **PLENARY LECTURE XV**
Chairpersons: Vladan Živaljević, Hans Romijn

New classification of adrenal cortex tumors
Svetozar Damjanović

08.50-09.10 **PLENARY LECTURE XVI**
Chairpersons: Svetozar Damjanović, Mirjana Doknić

Environmental disruptors in the human body
Hans Romijn (The Netherlands)

09.10-10.40 **SYMPOSIUM XI**
ENDOCRINE SURGERY
Chairpersons: Vladan Živaljević, Božidar Odalović

09.10-09.20 **History of anesthesiology in thyroid gland surgery**
Marina Stojanović

09.20-09.30 **Tracheal stenosis in retrosternal goiter**
– diagnostics and surgical technique
Rastko Živić

09.30-09.40 **Metastases in the adrenal gland**
Katarina Taušanović

09.40-09.50 **Importance of screening for detection of thyroid malignant tumors**
Nikola Slijepčević

09.50-10.00 **Malignant tumors of the thyroid gland**
Milan Jovanović

10.00-10.10 **Evaluation of ESE criteria for clinically relevant tumors**
Matija Buzejić

10.10-10.20 **Extrapulmonary tuberculosis**
– clinical challenge of adrenal insufficiency
Boban Stepanović

10.20-10.40 **Discussion**

10.40-11.00 **Coffee break**

11.00-11.30 SPONSORED SYMPOSIA SANDOZ

11.30-11.45 SPONSORED SYMPOSIA ITS

11.45-12.05 PLENARY LECTURE XVII

Chairpersons: Dragana Miljić, Marko Stojanović

Society for Endocrinology Guidance for the Investigation and Management of Female Hyperandrogenism

Richard Quinton (UK)

12.05-13.45 SYMPOSIUM XII

PEDIATRIC ENDOCRINOLOGY

Chairpersons: Vera Zdravković, Ivana Vorgučin

12.05-12.20 **Role of endocrinologist in monitoring and treatment of children with chronic diseases**

Vera Zdravković

12.20-12.35 **Diabetes mellitus type 1 and other autoimmune diseases**

Ivana Vorgučin

12.35-12.50 **Endocrinological monitoring of a boy with Duchenne dystrophy**

Maja Ješić

12.50-13.05 **How to recognize and treat early sexual maturation**

Nevena Folić

13.05-13.20 **Role of pediatric endocrinologist in treatment of children with achondroplasia and other skeletal dysplasia**

Sandra Stanković

13.20-13.35 **Impact of obesity on reproductive health of adolescent girls**

Katarina Mitrović

13.35-13.45 **Discussion**

13.45-14.00 CONGRESS CLOSURE

09.00-09.20 MEET THE EXPERT X

Menopause – silent milestone in MASLD development

Aleksandra Marković

09.20-09.40 MEET THE EXPERT XII

**Modern classification of thyroid tumors:
What has changes and why is it important for clinical practice?**

Duško Dunderović

09.40-10.00 MEET THE EXPERT XIV

**From gene to clinical practice:
genetic basis of adrenocortical tumors**

Jadranka Antić

10.00-10.20 MEET THE EXPERT XVI

**Impact of GLP-1 agonists on the skeletal muscle:
literature review and original experimental data**

Branka Šošić-Jurjević

10.20-10.40 MEET THE EXPERT XVIII

**Three in one: MASLD, hypothyroidism and atherosclerotic
cardiovascular diseases – from fundamental to clinical practice**

Zoran Gluvić

12.15-13.35	SYMPOSIUM XIII YOUNG ENDOCRINOLOGISTS <i>Chairpersons: Aleksandra Jotić, Dragana Miljić</i>
12.15-12.25	Intestinal microbioma, dysbiosis and estrogen – mechanisms and importance <i>Kristina Saravinovska</i>
12.25-12.35	Importance of Ip(a) in development of atherosclerosis <i>Marija Mitrović</i>
12.35-12.45	Genetic obesity – treatment options <i>Nevena Radić</i>
12.45-12.55	Neglected hypoglycemia <i>Saša Ilić</i>
12.55-13.05	Dark side of the pituitary gland <i>Jelena Bajić</i>
13.05-13.15	Type 2 diabetes and myotonic type 2 dystrophy: clinical challenges <i>Đurđa Rafailović</i>
13.15-13.25	Functional pancreatic NET <i>Milica Opalić Palibrk</i>
13.25-13.35	Diagnostic significance of calcitonin <i>Nata Joksimović</i>

09.00-09.20 MEET THE EXPERT XI

**PCOS and microbiota:
pathophysiological importance or a passing trend**

Danijela Radojković

09.20-09.40 MEET THE EXPERT XIII

**Premature ovary insufficiency
– prompt diagnosis, long-term prevention of osteoporosis**

Miljanka Vuksanović

09.40-10.00 MEET THE EXPERT XV

Thyroid gland and pregnancy

Violeta Mladenović

10.00-10.20 MEET THE EXPERT XVII

Primary hyperaldosteronism – more than we can see on a CT scan

Ivana Bajkin

10.20-10.40 MEET THE EXPERT XIX

**Aspirational biopsy of parathyroid lesions with PTH determination in
needle wash-out**

Tijana Ičin
